Gayle,

As the Day-90s coming up on Monday 11/12, shall I put in 15-day suspensions for these cases?

Thanks,  
Meg

Gayle,

I expect that the Office Director briefing on these will occur in the next couple weeks.

Best,  
Meg

Hi Peter,

We're still coordinating internally to move forward with a "not likely to present risk" determination for these PMNs. Meg Victor has graciously agreed to manage these cases going forward, so she'll be in touch with another update before the suspension period ends.

Best regards,  
Valerie

Valerie,

GP Chemicals agrees to extend the review process for P-18-0221 and P-18-0238. A date of November 12, 2018 is ok for both PMNs. We look forward to a response before that date.

Thank you,

Gayle

Hi Gayle,

We're still working through our backlog at EPA, and these PMNs are making their way through the queue for review by upper management.

The Day 90s for these cases are 10/03 and 10/13. Can we suspend both to 11/12 so they're on the same schedule? I hope to get back to you with a determination before then. I'm cc-ing my colleague Meg who will also be helping track these cases moving forward.

Best regards,

Valerie

**Subject:** RE: Status of PMNs P-18-0221 and P-18-0238

Hi Gayle,

I just briefed my supervisor on these cases today; it was agreed that we can move forward with sending these to upper management for a final determination. As we discussed on our last call, approval would be contingent on dermal protection and no inhalation exposure for workers. There might be additional follow-up regarding language in the SDS, but for now these are out of my hands until I hear back from upper management. I did emphasize that you would like to begin manufacturing as soon as possible. The Day 90s for these cases are 10/03 and 10/13, so we are relatively ahead of schedule for now.

I am available at 9-10am, or 11am-noon tomorrow if you have any additional questions.

Best regards,

Valerie

Valerie,

Can you set up a call with me, Peter Ranslow and Bobby Williamson to discuss the status of Georgia-Pacific Chemicals two pending PMNs P-18-0221 and P-18-0238?

Tomorrow morning (8/24) would be best for us.

Thanks,

Gayle MacAllister
